

Walgenbach

National Ready Mixed Concrete Association (NRMCA) Senior Vice President, Compliance and Regulatory Affairs, **Kevin Walgenbach**, has been named Executive Vice President, Operations and Compliance. Walgenbach has played a key role in conducting educational training for NRMCA members, including organizing regional seminars and workshops along with the

Plant Manager, Safety, Dispatcher, and Environmental courses. He has completed work on NRMCA's recognition programs such as the annual Safety Award, Environmental Excellence Awards, Driver of the Year Award, Safety Benchmarking Survey, and Regulatory Enforcement Survey. Walgenbach also oversees the administration of the NRMCA Certifications and Production departments and manages the Truck Mixer Manufacturers Bureau, Concrete Plant Manufacturers Bureau, and Volumetric Mixer Manufacturers Bureau. He received his BA in political science along with a minor in international relations from California State University, Chico, Chico, CA, USA, and was a student of Chico's Concrete Industry Management program. Walgenbach is a certified paralegal and an Occupational Safety and Health Administration (OSHA) Authorized Trainer.

HNTB Corporation named **Scott Shogan** Michigan Office Leader and Senior Vice President, overseeing offices in Detroit, Allen Park, East Lansing, Grand Rapids, Jackson, and Sterling Heights, MI, USA. He succeeds former office leader **Eric Morris**, who was appointed to HNTB Great Lakes Division Operations Officer. With more than 27 years of experience, Shogan has demonstrated the ability to lead teams across various levels, ensuring the successful delivery of complex infrastructure projects and bringing substantial value to clients. Shogan most recently served as the Midwest transportation market leader for another consulting firm. He has extensive expertise within the transportation infrastructure industry, including traffic engineering, planning, development, management, and emerging technologies. As office leader, Shogan will be responsible for managing HNTB's operations in Michigan, including overseeing project delivery, client relations, business development, and employee development. Shogan will be based in the firm's Detroit office. He is currently on the board of the American Council of Engineering Companies of Michigan and The Conference of Minority Transportation Officials (COMTO) Michigan. Shogan received his BS in civil engineering from the University of Michigan, Ann Arbor, MI, USA.

Roberts

Walter P Moore announced the promotion of **Kelly Roberts** to the role of Managing Director of the Atlanta Structural Engineering team. As the head of the firm's Sustainable Design Community of Practice within the structures group, Roberts specializes in life-cycle assessment, embodied carbon studies, and the integration of sustainable and salvaged materials. Her dedication

and expertise have earned her multiple accolades, including being named among *Engineering Georgia's* Top 100 Influential Women 2021-2023 and being honored as part of *Building Design+Construction's* 2021 40 Under 40 Class. In her new role, Roberts will steer the strategic direction and daily operations, emphasizing collaboration, innovation, and client relations. She is a founding board member of the Lifecycle Building Center of Greater Atlanta and is engaged in industry organizations holding roles such as co-chair for the Atlanta Carbon Leadership Forum HUB and Steering Committee member for the American Institute of Architects (AIA) Atlanta Committee on the Environment (COTE). Additionally, she serves as the founding Chair of the National Council of Structural Engineers Associations (NCSEA) Sustainability Committee and as an Advisory Council member of the Structural Engineering Institute (SEI) Sustainability Committee's Structural Engineers (SE) 2050 task force.

The Construction Management Association of America (CMAA) named **Khaled Naja**, CEO of Cruise Terminals International, Chair of the Board of Directors at CMAA2023, the association's national conference in Washington, DC, USA. Naja is a globally recognized C-suite leader with cross-industry expertise in private equity infrastructure, capital planning, commercial development, construction management, asset optimization, and infrastructure operations. Prior to his current role, Naja was Executive Vice President at Dallas Fort Worth International Airport, and before that helped lead the global aviation division at Parsons Corporation. Naja is a member of the CMAA North Texas Chapter, where he first became active in the association. In 2022, Naja served as Treasurer of the Board, where he served as Chair of both the Audit Committee and the Investment Advisory Committee. Naja was honored as one of *Engineering News-Record's* Top 25 Newsmakers in 2021 for innovation in modular terminal construction. In 2023, he was elected to the membership of The National Academy of Construction for being an innovative leader and strategist, particularly in sustainability, technology, modularization, and use of digital analytics for successful predictive outcomes.
