

Chapter Activities ANNUAL REPORT

American Concrete Institute
Always advancing

For the calendar year
2020

INTRODUCTION

Due to the 2020 pandemic, ACI chapters and the ACI Chapter Activities department had to pivot to a virtual environment in a matter of weeks. This forced us all to innovate and has allowed us to be always advancing.

Highlights include:

- Over 40 virtual Chapter Talks with expanded reach to our chapters in the Middle East and Asia;
- Leadership Webinar Series focusing on operational issues;
- Monthly Chapter Chats to allow chapter members to discuss topics of interest;
- Completely virtual Excellence in Concrete Construction Awards Gala with over 1,064 in attendance;
- Launch of our first Excellence in Concrete Construction technical presentations;
- Development of sponsorship opportunities for the Excellence in Concrete Construction Awards;
- Bi-annual chapter officer update meetings bringing ACI governance and chapter leadership together;
- And so much more!

This year, and in years to come, we will provide an overview of how chapters answered questions on the annual report. Our hope is for this report to help guide our chapters in their current and future objectives.

Sincerely,

Denesha Price, Chapter Activities Department

FROM THE ACI PRESIDENT

My name is Cary Kopczynski and I am the Founding Principal of CKC Structural Engineers, located in Seattle, WA. I am also a Past President of the ACI Washington Chapter and the current president of the American Concrete Institute. As ACI President, it's my goal to find ways ACI can leverage its resources to improve constructability and productivity in our industry—a topic that we've been focusing on for a while—and ACI chapters have a vital role.

I also want to take a moment to both thank our chapter members for their hard work and to talk about their great impact on the mission of the Institute in advancing the concrete industry. ACI chapters create a global network for our concrete community to connect with each other, learn new skills, and grow their professional careers. There are also many direct benefits to becoming a member of your local ACI chapter. A few of these benefits include a free digital subscription to *Concrete International* magazine, free access to up to three ACI University on-demand courses each year, a personal listing on the ACI Member Directory, and a printable ACI membership certificate.

ACI chapter members are also invited to subscribe to ACI 318 PLUS. This new subscription provides seamless digital access to ACI 318, the *ACI Detailing Manual*, and the *ACI Reinforced Concrete Design Handbook*, along with efficiency-building features such as digital notetaking, interactive 3-D models, and more.

If you are not currently involved with the American Concrete Institute or your local ACI chapter, now is the time—whether that is obtaining an ACI certification, using ACI University, or becoming a member. There are many ways for you to make an impact—from submitting projects in the annual ACI Excellence in Concrete Construction Awards to advocating for governments to adapt ACI standards and codes. If you want to learn more about ACI and its chapters or how you can get involved, please visit www.concrete.org.

ACI BOARD OF DIRECTION

Officers

PRESIDENT
Cary Kopczynski

VICE PRESIDENT
Antonio Nanni

VICE PRESIDENT
Charles Nmai

Randall Poston

ACI STRATEGIC PLAN

Our Future | Vision

ACI envisions a future where everyone has the knowledge needed to use concrete effectively to meet the demands of a changing world.

Our Business | Mission

ACI develops, disseminates, and advances the adoption of its consensus-based knowledge on concrete and its uses.

Our Markets | Who We Serve

- ACI members
- ACI chapter members
- Customers

Our Beliefs | We Operate With

- Consensus
- Credibility
- Camaraderie
- Benefit to society
- Personal and professional growth

Our Strategic Goals and Objectives

ENGAGEMENT

ACI will work to increase participation of and add value for its members, chapter members, and customers.

Outcome

ACI will increase the number of active members and satisfied users of its products and services.

Objectives

- Increase opportunities for professional growth
- Strengthen relationships between ACI and its chapter members
- Engage constituents interested in certification

OUTREACH

ACI will positively impact the global concrete community through mutually beneficial alliances.

Outcome

ACI will establish and expand strong and productive relationships with external organizations and individuals.

Objectives

- Actively seek opportunities to advance national and global outreach
- Establish relationships with regulatory authorities to advance adoption

LEADERSHIP

ACI will provide leadership to ensure our customers are equipped to sustainably address the needs of a changing world.

Outcome

ACI will be a recognized leader and partner in advancing concrete as a solution to society's needs.

Objectives

- Proactively gather and share information on transformational ideas, practices, and techniques
- Quickly respond to consumer needs and global trends for concrete information

STRUCTURE

ACI will improve the organization and processes through which its programs, products, and services are produced and deployed.

Outcome

ACI will be more efficient, agile, and effective, while maintaining 'ACI quality.'

Objectives

- Structure ACI and dedicate resources to quickly develop or adapt programs, products, and services
- Enhance member and customer experience through continuous improvement
