

# Presenting the 13th Annual Emerging Leaders Alliance Conference

September 20-23, 2020 • Omni William Penn Hotel • Pittsburgh, PA, USA

## CROSS-DISCIPLINARY LEADERSHIP TRAINING

The Emerging Leaders Alliance (ELA) is a partnership among leading engineering and science-based organizations that provides high-quality leadership training. The ELA hosts an interdisciplinary Leadership Conference for young professionals, providing advanced leadership training in topics such as management, personal branding, social styles, problem solving, presentation skills, and global diversity.

The American Concrete Institute will select **seven young members**, age 35 and younger, to attend the Emerging Leaders Alliance conference as representatives of ACI. Desired applicants will have been in the concrete or construction-related industry for less than 8 years. Selected applicants receive complimentary conference registration, but are responsible for travel expenses, lodging, and some meals. Applications due June 1, 2020.
