Compressive Strength Sheet

Developped by ACI Sherbrooke Student Chapter

Lastest version:

Test date _____

Team ID/University Name _____

Specimen number	Age (Days)	Diameter (mm)	Height (mm)	Weight (gr)	Loading rate (KN/s)	Ultimate load (KN)	Compressive strength (MPa)
1							
2							
3							

Average of Compressive strength (MPa) _____

Note: The compressive strength test shall be recorded and approved by the supervising faculty advisor .

Advisor Name and Signature _____

Date _____
