

Recertification for Tilt-Up Technician and Supervisor Education Verification Form 2021/2022

INSTRUCTIONS

When seeking recertification for ACI Tilt-Up Supervisor or Technician, you can complete 10 hours of approved continuing education during the previous 5-year period. If your Tilt-Up Supervisor or Technician certification has lapsed by more than 2 years, you must recertify by successfully passing the then-current Tilt-Up written exam.

This form reflects educational offerings approved for credit towards recertification as an ACI Tilt-Up Technician or Supervisor for venues throughout 2021 and 2022 only. Additional venues and course offerings available for credit are listed on separate forms by year, for the last five years, available at www.acicertification.org (Certification Programs > Tilt-Up Concrete Construction).

Please make sure you have copies of receipts, certificates, or provider-issued attendance records for the approved courses you have completed. These will need to be submitted with this form and *Recertification Payment Form*.

Candidates must complete both **Section A** and **Section B** of this form and sign in **Section C** before sending to ACI. Check all courses taken in **Section B** and fill in date completed.

SECTION A—To be completed by the Candidate

Name of Candidate: _____ Certification ID/Last 4 digits of SSN: _____

Address: _____

City: _____ State: _____ Zip: _____

Employer: _____ Employer's Phone: _____

SECTION B—To be completed by the Candidate

The minimum educational requirement to qualify for recertification is 10 hours, unless you attend six 90-minute seminars (totaling 9 hours). Hours can be from multiple events (e.g., 5 hrs from WoC and 5 hrs from TCA), taken with a 5-year period. Credit will be given for only one course if the same course is taken two or more times during a certification cycle (5 years).

Venue: 2021 Tilt-Up Concrete Association Annual Convention

Course Date

- | | | |
|--|--|-------|
| <input type="checkbox"/> EB-2A | Specifying Sustainable Concrete (1 hr) | _____ |
| <input type="checkbox"/> F-100 | Reducing the Carbon Footprint of Tilt-Up Construction with Portland-Limestone Cement (1 hr) | _____ |
| <input type="checkbox"/> F-101 | Construction Career Development Initiative (CCDI): An inclusive way of increasing manpower from a diverse community (1 hr) | _____ |
| <input type="checkbox"/> F-102 | Estimating Costs Associated with Architectural Finishes (1 hr) | _____ |
| <input type="checkbox"/> F-103 | My Brain Made Me Do It: Psychological Drivers of Employee Behavior (1 hr) | _____ |
| <input type="checkbox"/> F-104 | Partially Composite Insulated Walls Overview and General Behavior (1 hr) | _____ |
| <input type="checkbox"/> F-105 | Post-Tensioned Applications for Tilt-Up (1 hr) | _____ |
| <input type="checkbox"/> F-106 | Tilt-Up Panel Temporary Bracing: Practices and Guidelines (1 hr) | _____ |
| <input type="checkbox"/> F-200 | Recruit and Retain Young Talent Through Social Impact (1 hr) | _____ |
| <input type="checkbox"/> F-201a | Tilt-Up 101: Part I - Intro to Tilt-Up (1 hr) | _____ |
| <input type="checkbox"/> F-201b | Tilt-Up 101: Part II - Building a Team (1 hr) | _____ |

Venue: 2021 Tilt-Up Concrete Association Annual Convention (Continued)

Course Date

- F-201c** Tilt-Up 101: Part III - Start to Finish (1 hr)
- F-201s** Tilt-Up 101 En Español (3 hrs)
- S-101** Case Study: Chroma Modern (1 hr)
- S-102** Tackling the Affordable Housing Crisis with Tilt-up Construction (1 hr)
- S-103** Testing and Engineering Composite Insulated Walls (1 hr)
- S-104** Lift Day - Time, Money and Life-Saving Tips and Tricks (1 hr)
- S-201** Cranes and Ground Bearing Pressures (1 hr)
- S-202** Densifier and Bondbreaker: Managing Expectations (1 hr)
- S-203** Surface Free Energy - Why Glues Don't Work (1 hr)

Venue: 2022 World of Concrete

Course Date

3-Hour Seminars

- MO01** Concrete Basics I: Concrete Materials, Mixtures & Fresh Properties
- MO02** Concrete Basics II: Ordering, Producing, Placing & Finishing Concrete
- MO06** Advanced Repair: Structural Distress, Assessment & Strengthening Solutions
- MO07** Troubleshooting Concrete Cracks: Understand & Minimize Cracking
- MO11** Crash Course: Financial Management for Owners & Managers
- MO12** *NEW!* How Managers & Supervisors Achieve Bottom-Line Results thru People
- TU03** Concrete Basics III: Troubleshooting Typical Problems, Tips & Marketplace Trends
- TU08** Repairing Concrete Cracks: Evaluation & Selection of Repair Methods
- TU13** Improving Performance Through Effective Leadership
- WE04** Mix Design I: Evaluation of Mixtures
- WE09** Repair Fundamentals I: Surface Prep, Reinforcement, Material Selection & Placement
- WE14** How to Turn Inefficiency into Profitability
- TH05** Mix Design II: Adjusting with Aggregates & Admixtures
- TH10** Repair Fundamentals II: Waterproof, Protection & Corrosion Prevention
- TH15** Productivity Improvement for Today's Workforce

90-Minute (1.5-hr) Seminars

Course Date

- MO101** Motivating Today's Construction Worker
- MO102** OSHA Record Keeping Requirements and COVID Reporting Practices
- MO103** Safety First: Creating & Implementing Safety Culture
- MO111** *NEW!* Innovations in Concrete Technology
- MO119** What is Wrong with my Concrete? Troubleshooting Concrete Quality
- MO120** Introduction to Placing & Finishing Concrete Slabs: Best Practices
- MO121** Curing Concrete: Why We Do It and Why We Care

90-Minute (1.5-hr) Seminars (Continued)

Course Date

- MO128** *NEW!* Extended Joint Floors: Concepts, Systems & Material Choices _____
- TU105** *NEW!* Building an Accountable Management Team & Organizational Chart _____
- TU106** *NEW!* The 25-Hour Day: Time Management & Time Budgeting Strategies _____
- TU113** Compressive Strength Failures: Causes, Evaluation & Resolution _____
- TU114** *NEW!* Leading-Edge Techniques for Finishing Industrial & High-End Floors _____
- TU123** *NEW!* Mix Design Fundamentals: Practical and Need-to-Know Information _____
- TU130** Reinforced Concrete: Suspended & Slabs-on-Ground Design + Practical Applications _____
- TU131** *NEW!* Sealers & Surface Protection to Ensure Proper Selection for Every Project _____
- WE107** Critical Path Method Basics: Scheduling Techniques _____
- WE108** *NEW!* Strategic & Tactical Productivity: Execution Techniques to Improve Field Project Results _____
- WE115** *NEW!* Concrete Placement & Finishing Defects: Causes, Evaluation & Mitigation _____
- WE124** Cold Weather: Managing Concrete in Winter Conditions _____
- WE125** *NEW!* Concrete Slump Test: Help, Hindrance, or Insignificant? _____
- WE132** Successfully Producing Quality Flat & Level Concrete Floors _____
- WE133** The Good, Bad & Ugly Faces of Moisture in Concrete _____
- TH109** *NEW!* Estimating: 5 Strategies for Better Bidding _____
- TH110** Steps to a Successful Change Order: Tips & Techniques to Get Paid _____
- TH126** Hot Weather: Dealing with Concrete in Hot, Dry & Windy Conditions _____
- TH127** *NEW!* Identifying Basic Concrete Surface Problems & Challenges _____
- TH134** High Performance Coatings & Sealers: Technology, Trends, Prep & Application _____

4-Hour Interactive Workshops

Course Date

- MOCFT** Train-the-Trainer: Construction Forklift _____
- MOEWP** Train-the-Trainer: Mobile Elevated Working Platforms _____
- MOTRW** *NEW!* Improving Your Workforce Workshop _____
- TUCEW** Estimating Strategies & Risk Management Workshop _____
- TUFPT** Train-the-Trainer: Fall Protection End User _____
- TURSS** Train-the-Trainer: Rigging & Signaling for Cranes _____
- WELMW** *NEW!* Leadership vs. Management Workshop _____

4-Hour Certification Seminars

Course Date

- MO401** ACI Post-Installed Concrete Anchor Installation Inspector Review Seminar _____
- MO403** ACI Specialty Commercial/Industrial Flatwork Finisher & Technician Review _____
- TU405** ACPA Concrete Pump Operator Safety Review _____
- TU406** ACI Concrete Field Testing Technician - Grade I Review _____

4-Hour Certification Seminars (Continued)

Course Date

- WE407** ACI Concrete Flatwork Associate, Finisher & Advanced Finisher Review
- WE408** ICRI Slab Moisture Testing Technician Review
- TH410** ACI/TCA Tilt-Up Technician/Supervisor Review

SECTION C—To be completed by the Candidate

I authorize those whom I have given as references to furnish to ACI or its agents information concerning my education and other background relevant to the stated requirements of the ACI certification programs. I agree to release and hold harmless any individual, company or institution, including ACI, the Tilt-Up Concrete Association, and any persons connected therewith from liability imposed by law in furnishing such information. I understand that untruths or misrepresentation contained herein constitute grounds for denial of certification.
