INSTRUCTIONS

When seeking recertification for ACI Tilt-Up Supervisor or Technician, you must complete 10 hours of approved continuing education during the 5-year certification period. If your Tilt-Up Supervisor or Technician certification has lapsed by more than 2 years, you must recertify by successfully passing the then-current Tilt-Up written exam.

The 10-hour requirement is waived if you attend six 90-minute seminars (9 hours). Hours can be from multiple events (e.g., 5 hrs from WoC and 5 hrs from TCA), taken within the 5-year period. Credit will be given for only one course if the same course is taken multiple times during this period.

This form only lists approved courses for select venues during 2024. Additional forms are available [here](#).

Check off all courses taken and fill in the date attended. Send this form, proof of completion documents (certificates, enrollment, etc.), [Recertification Payment Form](#), and payment to:
