

Recertification for Tilt-Up Technician and Supervisor Education Verification Form Tilt-Up Academy

INSTRUCTIONS

When seeking recertification for ACI Tilt-Up Supervisor or Technician, you can complete 10 hours of approved continuing education during the previous 5-year period. If your Tilt-Up Supervisor or Technician certification has lapsed by more than 2 years, you must recertify by successfully passing the then-current Tilt-Up written exam.

This form reflects educational offerings approved for credit towards recertification as an ACI Tilt-Up Technician or Supervisor from Tilt-Up Academy only. Additional venues and course offerings available for credit are listed on separate forms by year, for the last five years, available at www.acicertification.org (Certification Programs > Tilt-Up Concrete Construction).

Please make sure you have copies of receipts, certificates, or provider-issued attendance records for the approved courses you have completed. These will need to be submitted with this form and *Recertification Payment Form*.

Candidates must fill in their personal information and check all courses taken, including the date completed. Sign and date the authorization before sending to ACI.

Name of Candidate: _____ Certification ID/Last 4 digits of SSN: _____

Address: _____

City: _____ State: _____ Zip: _____

Employer: _____ Employer's Phone: _____

The minimum education requirement to qualify for recertification is 10 hours unless you attend six 90-minute seminars (totaling 9 hours). Hours can be from multiple events (e.g., 5 from WoC and 5 from TCA), taken over a 5-year period. Credit will be given for only one course if the same course is taken two or more times during a certification cycle (5 years).
