

American Concrete Institute International MEMBERSHIP COMMITTEE

Dear Member:

The Membership Committee of the Rocky Mountain Chapter ACI asks for your support by joining our chapter or renewing your membership for the 2006 calendar year. This is a special year to be a member of your local chapter, as we are the host site for the 2006 National Convention in November. Don't miss out on participating in this exciting event—it only comes around once every ten years...

This year we offer three different levels of membership: Corporate, Individual, and Student. Please refer to the attached sheet for information and dues associated with each level of membership. Benefits of the different membership levels are as follows:

- **Corporate Sponsorship (\$175/yr)**
 - **Membership for up to five (5) individuals from your company**
 - **Half-page add in the chapter directory**
 - **Copy of directory for all listed individuals**
 - **Directory listings and business card ads for all individual members**
 - **Listing on all chapter events and publications (e.g., Awards Banquet programs, web site...) as a corporate sponsor**
 - **Receive newsletters and announcements of chapter events**

- **Individual members (\$35/yr)**
 - **Copy of directory**
 - **Listing and business card ads in directory**
 - **Receive newsletters and announcements of chapter events**

- **Student members (\$15/yr)**
 - **Directory listing of name and school affiliation**
 - **Electronic copy of directory**

Student Fund *You have an opportunity to designate any contributions to the student fund that you would like. For example, smaller companies with less than five members that might participate in the chapter can channel their "excess" from their corporate dues to the student fund after covering the \$35/member fee. Individuals can simply indicate a monetary sum to put into the fund. All companies and individuals contributing to the fund will be listed on all publications associated with chapter events and business. Thank you.*

2006 CHAPTER DUES INVOICE
