

ACI SUBCOMMITTEE 439-A MINUTES – Spring 2018

TO: Members of ACI Subcommittee 439-A

FROM: Ted Mize
Engineered Wire Products, Inc.
1200 N. Warpole St.
Upper Sandusky, OH 43351
Phone: 419-310-1281 Email: tmize@ewpinc.com

DATE: Sun. March 25, 2018

PLACE: Grand America & Little America, Salt Lake City, UT – GA Versailles

TIME: 3:30-5:00 PM

1. Meeting was called to order at 3:30pm
2. Introductions were made – 7 members present (Pelter, Lutz, Gallenz, Marvin, Hawkinson, Aubee, Mize).
3. No minutes recorded at Fall 2017 meeting in Anaheim as we did not have a quorum.
4. Subcommittee membership stands at 11 members.
5. Discussed 318-B item to address deformed WWR spacing limitation of 16” maximum. Mark Marvin will search for original submittal to 318-B so this subcommittee can resubmit to 318-B.
6. Discussion and formulation of 439 ballot ensued to address final comments from TAC on the wire and WWR guide document. Ballot items were prepared for 439 meeting.
7. Discussed desire to sponsor a session at a future convention to highlight the guide document. Must wait for publication before we proceed with implementation.
8. It was reported that AASHTO has published a Wire and WWR specification very similar to ASTM A1064 where they have combined the four separate standards for wire and WWR, plain and deformed, into one. ASTM appears to be taking no action regarding the remarkable similarities to A1064.
9. No new business was brought up.
10. Next meeting date & time: Sun. 10/14/18 3:30-5:00 PM, Las Vegas, NV – Rio Hotel
11. Meeting was adjourned at 5:15pm.
