

Subject	Scholarship Council - membership			
Location	Conference Call			
Start time	Thu 11/8/2018	12:00 PM	Eastern Time (US & Canada)	<input type="checkbox"/> All day event
End time	Thu 11/8/2018	1:00 PM	Eastern Time (US & Canada)	

The agenda is regarding council membership. As we discussed at the meeting it was felt we:

- 1) we need a written policy regarding membership and how we recruit new members
- 2) we need to ensure that the Council has diversity of membership

I have what I believe is the old demographics of some of the current council members. As I don't want to make assumptions, can each of you send back this simple demographics directly to me, I'll compile for the SC.

1. **What Industry are you in? How many years? (Contractor, Higher Education, Consulting Engineer, etc.)**
2. **Where do you live?**
3. **From ACI perspective, what area of ACI do you align with? (Materials, Structural, Repair, etc.)**
4. **How did you come on the SC?(i.e. do you represent a fellowship donor, were you recruited, did you seek out membership on your own, etc.)**

Please send me other questions if you feel those would help us make a policy.
