1.0 Welcome

2.0 Approval of the Minutes from the Meeting in San Francisco,  
October 26, 2004

3.0 New Members (McDonald)

Paul Carter was recently appointed as a member of TRRC. Recommendations for other new members will be discussed.

4.0 Repair Issues in 318 (Paul, Emmons)

Emmons will update the committee on current progress, including a report on the SDC's workshop that took place in West Point, NY, in the fall.

## 5.0 Vision 2020 (Emmons)

Emmons will discuss the goals of the Fifth International Workshop, "Roadmapping Improvements in the Concrete Repair Industry," scheduled for May 2005, Sedona, AZ.

## 6.0 ISO/TC 71 SC 7 (McDonald)

The immediate objective of SC 7 is development of an umbrella code for maintenance and repair of concrete structures. Copies of handouts from the initial SC 7 meeting were previously furnished to TRRC members. Please review and be prepared to discuss how this material can be used in ACI code development efforts.

## 7.0 Repair Material Datasheet Protocol (Goodwin)

Goodwin is to report on the status of RMDSP.

## 8.0 FAQ # 24 (McDonald)

The status report on the existing FAQ's is attached. Review comments on FAQ # 24 will be resolved.

## 9.0 Implementation of the TRRC Action Plan (McDonald)

Implementation of the plan will be a major part of our discussions at the New York City meeting, so all members are encouraged to bring their ideas.

## 10.0 New Business

Benoit Bissonnette will briefly describe a research proposal to CRC for a concrete surface preparation investigation.

## 11.0 Next TRRC Meeting

## 12.0 Adjourn
