

MEETING AGENDA

ACI Committee 523

CELLULAR CONCRETE

Fall 2005 Convention

Kansas City Convention Center – Room C- 2208

10 am – 1:00 pm

**Wednesday, November 9, 2005
Kansas City, Missouri**

1. Call to order and welcome. Sign in sheet being circulated.
2. A moment of reflection for those that were so severely affected by hurricane Katrina.
 - a. Special welcome to our newest voting member Konstantin Sobolev.
 - b. A hearty welcome plus personal and committee thanks to Ron Barnett who has volunteered to handle the secretarial duties for 523, and also to Jennifer Tanner for doing the same for subcommittee 523A.
3. Round table introduction of members and visitors.
4. Review and approve minutes from the spring 2005 meeting in New York City.
5. Membership update and status.
 - a. Please inform ACI through the ACI website of any changes in your personal contact information. Committee officers can not do that for you.

b. Continued committee voting member status is based on timely return of ballots, committee participation and meeting attendance. This has become particularly important as we continue to ballot numerous documents.

c. We presently have 20 voting and 9 non-voting members, a healthy number, I believe.

6. Comments on subcommittee 523A committee meeting earlier today.

a. Report on status of document ACI523.5RXX “Guide for using Autoclaved Aerated Concrete Panels.”

7. Status of documents.

Due to our continued efforts on documents 523.1R-.4R and 523.5R this information will be listed for reference and record keeping, but these projects will only proceed after our present projects are completed.

a. 523.3R-XX “Guide for Cellular Concretes above 50 pcf”:

i. Volunteers for chapter revisions.

Chapter 1 – General - Ned

Chapter 2 – Materials – Leo & Peter Yen

Chapter 3 – Mixing & Handling - Ned

Chapter 4 – Forming & Placing -

Chapter 5 – Properties -

Chapter 6 – Design Considerations – Fouad

Chapter 7 – Proportioning of Mixes -

Chapter 8 – Fire Resistance -

Chapter 9 – Applications -

References -

b. 523.4R-XX “Cellular Concrete for Geotechnical Applications”.

i. This document has been combined with 523.1R based TAC's recommendation and the committees decision.

c. 523.2R-XX "Guide to Precast Floor, Roof and Wall Units".

i. Fouad and Ron Zollo have volunteered to review and revise – status report. ACI/TAC has contacted us regarding the age of this document, its future and our disposition of it.

d. 523.1R-XX "Guide for Cast-in-Place Low Density Cellular Concrete".

i. October 4 – November 3, 2005 ballot results

ii. Discussion of negatives

iii. Re-ballot document

8. ACI committee 522 Pervious Concrete document ACI522.R-XX "Pervious Concrete" reviewed for TAC for conflicts. TAC approved and all mention of cellular concrete has been removed.

9. Other Old Business.

10. New Business.

a. PowerPoint presentation of cellular concrete in roof decks and Engineered Fills / Geotechnical applications by Leo Legatski.

b. Report on TAC workshop for technical committee chairs.

11. Informal reports by members and visitors

12. Adjourn.
