NOTES: The 40 percent and 2/3 rules must be satisfied for an item to pass by meeting ballot. The 40 percent rule is satisfied if at least 40 percent of all eligible voting members on the committee roster cast an affirmative vote. The 2/3 rule is satisfied if the number of affirmative votes is at least twice the number of negative votes.

If a committee member casts a negative vote on an item in a letter ballot, a reason for the negative vote must be included. If appropriate, the voter should provide alternative wording or a solution that would satisfy the voter's concerns. All negative votes cast on an item in a letter ballot are considered by the committee using the resolution procedures described in 3.4.

If the negative voter does not provide a reason for the negative vote, the vote is recorded as a negative without comment. A negative without comment is considered an abstention when determining if a ballot item passes, does not need to be resolved by the procedures given in 3.4, and requires no further committee action.
