Date: October 22, 2008
To: ACI 301 Committee Members
From: Calvin McCall
Subject: Meeting

Attached is a copy of the agenda for the Fall Meeting in St. Louis, MO. We are very close to having a full version of the document. Please notice that we will not have any subcommittee meetings. Nearly all of the meetings will be dedicated to resolving negatives. I would like to invite all of the subcommittee members to attend the meeting and voice your comments on any of the items on which we will be voting, especially the ones that pertain to your specific subcommittee. I understand that everyone is busy at the convention and many of you have committee conflicts to resolve but I urge you to try to attend as many of the 301 meetings as you possibly can; a large amount of ACI 301 business will be resolved at this convention.

Thank you in advance for your dedication and hard work. Please remember that your input in the resolutions of the negatives is both needed and desired.

I look forward to seeing each of you in St. Louis.

ACI 301 - Specifications for Structural Concrete Agenda

Saturday, November 1, 2008	12:00 PM – 6:00 PM	Majestic Ballroom F & G
Sunday, November 2, 2008	8:30 AM – 5:00 PM	C-241
