

# ACI 318E Correspondence

TO: Members, Subcommittee E of ACI Committee 318  
FROM: Sharon L. Wood, Chair  
SUBJECT: St. Louis Meeting Agenda  
DATE: 28 October 2008

The agenda for the St. Louis meeting of ACI 318E is attached. We are meeting 8:30 am - 1:00 pm on Wednesday, 5 November 2008 in C-228 (Convention Center). Please note that the first hour of this meeting will be joint meeting with Subcommittees D and G. Randy Poston will chair this portion of the meeting. The primary topic of discussion will be the organizational structure of 318 for the 2014 Code. In preparation for this meeting, please review the two options that were distributed to all subcommittee members by email on 16 October 2008.

Three presentations regarding code reorganization will be made during the main committee meeting on Tuesday morning (8:30 to 11:30 am in Landmark 4 (Renaissance Grand Hotel)).

- Summary of activities since LA meeting – David Rogowsky
- Overview of Chapter 8 on beams – Robert Frosch
- Rules of engagement and the path forward – Charlie Dolan

All three of these presentations will influence the discussions within Subcommittee E. Therefore, I encourage all subcommittee members to attend the main committee meeting on Tuesday morning.

For the meeting you will need the following items:

1. Agenda for St. Louis meeting (attached)
2. Draft minutes from Los Angeles meeting (distributed by email in April and archived on 318E website)
3. Matrix approach for subcommittee structure (attached)
4. Chapter approach for subcommittee structure (attached)
5. Letter Ballot LBE08-1 (distributed by email in September and archived on 318E website)
6. Ballot Results from LBE08-1 (attached)
7. Draft outline of 318-14 (attached)

I look forward to seeing you in St. Louis.
