RE: ACI Committee 546
Repair of Concrete
April 2002 Convention
Detroit, Michigan

Dear Voting Member or Associate Member:

Attached is the Agenda for the ACI 546 general meeting on April 22, 2001 in Detroit. It is imperative that you attend this meeting, so that we can resolve negative votes for both the Concrete Repair Guide and the Material Selection Guide. Unfortunately, we did not have a quorum when we needed to vote on several critical issues at our last meeting, which delayed the completion of the final version of these documents. Please try to be at the meeting, especially when we trying to resolve the negatives.

The planned dates for our meetings are:

546---General Meeting---Mon. 8:30-11:30am.
546.1---Underwater Repair---Mon. 8:30-9:30am
546.3---Material Selection Guide---Sun. 11:30am-1:00pm.
546.4---Repair Guide---Sun. 10:00-11:30am.
E706---EAC RAP Tg---Sun 11:30am-2:00pm.

I recently sent all of you the standard questionnaire used by the ACI regarding membership. That questionnaire should have been modified to include a box for Associate Members to fill in. I apologize for any confusion this created.

The following individuals are the Voting Members on the Committee 546 as of March 18, 2002. I will be making some changes to this list in the near future based on the questionnaire and other factors such as attendance at meetings and contributions to the documents.
