Subject Sustainability for Technical Committees

Technical Committee Chairs,

Attached is a short presentation on sustainability as it relates to concrete. Please share this with your committee members and if you'd like to have a Committee 130 member visit with your committee in Pittsburgh, just email me ([aschokke@d.umn.edu](mailto:aschokke@d.umn.edu)) and I will find the right person from the appropriate subcommittee to serve as a liaison.

Thanks!
