5.0 Old Business

A. Sub-Committee Reports

- i. Shrinkage Compensating Concrete-Non-reinforced Concrete or Mortar: Ed Russell reported in the absence of Larry Valentine-no new information to report.
- ii. Shrinkage Compensating Concrete Construction: Karl Bakke reported that a meeting was held just before the main committee. Nine subcommittee members (Voting and Associate) and two guests attended. The subcommittee continued work on the shell outline for the “Shrinkage Compensating Concrete Construction Checklist-Appendix XX”. The intent is to continue development for inclusion in the next document revision. Meeting minutes will be posted to the committee web site.
- iii. 223 Technical Session Status Report: The Technical Session is currently targeted for the Toronto fall 2012 meetings. Moderators Chris Ramseyer and Ed Russell plan to release a call for papers.

6.0 New Business:

- A. A Technical Session Tribute for Bob Gulyas at the Cincinnati Fall 2011 meeting was discussed. Moderator Fred Goodwin is still open to additional presenters. He can be contacted at fred.goodwin@basf.com . Henry Russell is the planned presenter for ACI 223.
- B. Report on two technical appeals to ACI 223R-10
 - i. The alternate details for wall construction were objected to on a technical basis. That appeal was denied by TAC.
 - ii. An errata will be issued to replace the word “diamond” with “tapered plate” in the dowel section(s).
- C. Establish Task Groups to review each chapter of 223R-10
 - Chapter 1-Introduction and Scope: John Rohrer
 - Chapter 2-Notations and Definitions: Karl Bakke
 - Chapter 3-General Considerations: Benoit Bissonnette, Federico Lopez-Flores
 - Chapter 4-Materials: Chris Ramseyer, Jeff Abuhl, Ashish Dubey
 - Chapter 5-Structural Design Considerations: Chris Ramseyer, Larry Valentine, Mike Estes, Ed Russell, Barry Foreman
 - Chapter 6-Concrete Mixture Proportioning: Greg Fricks, Alma Reyes
