

March 15, 1999

**Agenda for ACI Committee 446 - Fracture Mechanics meeting in Chicago**

Monday March 15, 1999, 5:00PM - 6:30PM,  
Skyway 268, Hyatt Regency, 151 East Wacker Dr., Chicago, IL.

Agenda

1. Introduction and membership report
2. Approval of minutes from the fall 1998 Los Angeles meeting
3. Announcements (Gerstle)
4. Dynamic Fracture Subcommittee Report IV (Mindess)
5. Presentation of ACI fracture toughness test standardization proposals (all interested ACI446 members are welcome to present their ideas).
6. Proposal for Symposium on "Theoretical, Experimental, and Computational Aspects of Fracture in Concrete at WES" (Dean Norman)
7. Proposal for Session on "Fracture Testing for Applications" (Vipulanandan)
8. Reballoting of Report ACI446-I "Fracture Mechanics of Concrete: Concepts, Models, and Determination of Material Properties"
9. Computational Modeling of Fracture: Discussion
10. Liaison Reports (SEM, FRAMCOS, RILEM, other)
11. New business: new goals for upcoming year?
12. Next meeting and adjournment
