RE: ACI Committee 546  
Repair of Concrete  
Spring 2004

Washington, D.C.

Dear Voting Member or Associate Member:

Attached is the Agenda for the ACI 546 general meeting on March 15, 2004 in Washington D.C. The Repair Guide was approved by TAC with comments. Tony Murray and Paul Gaudette edited the document to incorporate the TAC comments and will discuss the status of that document at our committee meeting.

As you all know, the Material Selection Guide was rejected by TAC with suggested changes. Fred Goodwin re-wrote the document with help from several of our committee members. The status of that document will be discussed.

Mike Garlich has headed the sub-committee to update the Underwater Concrete Repair Guide. He will discuss the proposed changes to that document.

The planned dates for our meetings are:

546---General Meeting---Mon. 8:30am-11:30am.  
546-A---Underwater Repair---Sun. 11:30am-1:00pm.  
546-B---Material Selection Guide---Sun. 8:30am-11:30am  
546-C---Repair Guide---Sun. 10:00am-1:00pm.  
E706---EAC RAP---Sun 11:30am-1:00pm.

I look forward to seeing you in Washington next month.

Very truly yours,

Jay H. Paul, Chairman  
ACI Committee 546
