

# ACI 374 Committee Meeting

*Performance-Based Seismic Design of Concrete Buildings*

Spring Convention 2016  
Monday April 18th  
8:30 AM to 12:00 PM  
C-102 C  
Milwaukee, WI

## **Draft Agenda v1**

1. Welcome and Introductions [8:30 AM] – **All**
2. Approval of Minutes From the Denver Meeting – **All**
3. Approval of Meeting Agenda – **All**
4. Membership Updates – **Dragovich**
5. Update: “Guide to Nonlinear Modeling Parameters for Earthquake-Resistant Structures” and Future Business – **Kim**
6. Ballot Results: Co-Sponsorship of ACI 374.1 with ACI Committee 550 – **Dragovich**
7. Update: 374.2-R13 “Guide for Testing Reinforced Concrete Structural Elements under Slowly Applied Simulated Seismic Loads” – **Pantelides**
8. Update/ Ballot Results: “Summary of PBSB Guideline Documents” – **Hueste**
9. Update: ITG-4.3R-07 “Report on Structural Design and Detailing for High-Strength Concrete in Moderate to High Seismic Applications” – **Ibarra**
10. ACI 374 Technical Sessions and Special Publication for the Fall 2017, Anaheim CA Convention – **Dragovich/All**
11. Update: “Report on Wall Shear Behavior, Modeling and Design” – **Wallace/Dragovich**
12. Presentation: “Meinong (Yujing) Earthquake, Tainan, Taiwan” – **Kim**
13. Other Business
14. Adjournment
