

ACI 374 Committee Meeting

Performance-Based Seismic Design of Concrete Buildings

Spring Convention 2016
Monday April 18th
8:30 AM to 12:00 PM
C-102 C
Milwaukee, WI

Draft Agenda v2

1. Welcome and Introductions [8:30 AM] – **All**
2. Approval of Minutes From the Denver Meeting – **All**
3. Approval of Meeting Agenda – **All**
4. Membership Updates – **Dragovich**
5. Update: “Guide to Nonlinear Modeling Parameters for Earthquake-Resistant Structures” and Future Business – **Kim/Hagen**
6. Ballot Results: Co-Sponsorship of ACI 374.1 with ACI Committee 550 – **Dragovich**
7. Update: 374.2-R13 “Guide for Testing Reinforced Concrete Structural Elements under Slowly Applied Simulated Seismic Loads” – **Pantelides**
8. Update/ Ballot Results: “Summary of PBSB Guideline Documents” – **Hueste**
9. Update: ITG-4.3R-07 “Report on Structural Design and Detailing for High-Strength Concrete in Moderate to High Seismic Applications” – **Ibarra**
10. Presentation: “Newer Unanswered Questions in the Otherwise Prescriptive Trending PBD World” – **Fields**
11. Discussion: “Future Committee Work” - **All**
12. ACI 374 Technical Sessions and Special Publication for the Fall 2017, Anaheim CA Convention – **Dragovich/All**
13. Update: “Report on Wall Shear Behavior, Modeling and Design” – **Dragovich/Wallace/All**
14. Presentation: “Meinong (Yujing) Earthquake, Tainan, Taiwan” – **Kim**
15. Other Business
16. Adjournment
