

Public Discussion

ACI draft standards open for public discussion that are being processed through ACI's ANSI-approved standardization procedures can be found at www.concrete.org/discussion. These are not yet official ACI standards.

Document number	Title	Open for discussion	Discussion closes
318	Building Code Requirements for Structural Concrete and Commentary	12/21/18	2/4/19

Proposed Standard Building Code Requirements for Structural Concrete and Commentary

The ACI Technical Activities Committee (TAC) approved processing the subject document through ACI's Standardization Procedure in November 2018 as did the ACI Standards Board in December 2018.

Therefore, this draft document is open for public discussion from December 21, 2018, until February 4, 2019. The document appears on the ACI website, www.concrete.org/discussion.

Pertinent discussion will be available on ACI's website and announced in a future issue of *Concrete International* if received no later than February 4, 2019. Comments should be e-mailed to discussion@concrete.org.

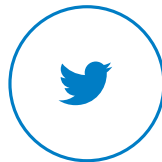

Public Discussion and Closure

The public discussion and the committee's response to the discussions are available on ACI's website, www.concrete.org/discussion.

Public Discussion and Closure of "Specifications for Repair of Structural Concrete in Buildings (ACI 563)"

The ACI Technical Activities Committee (TAC) approved the draft standard subject to satisfactory committee response to TAC comments in July 2017. The committee responded adequately to TAC's comments and all balloting rules were adhered to. In January 2018, the Standards Board granted approval to release the draft standard for public discussion and to process it as an ACI standard. Public discussion was announced on January 29, 2018, and closed on March 15, 2018. The committee responded to the public discussion. TAC reviewed the closure and approved it in August 2018. The Standards Board approved publication of the ACI standard on in August 2018.
