

Public Discussion

ACI draft standards open for public discussion that are being processed through ACI's ANSI-approved standardization procedures can be found at www.concrete.org/discussion. These are not yet official ACI standards.

Public Discussion and Closure Public Discussion and Closure of Qualification of Post-Installed Adhesive Anchors in Concrete and Commentary (ACI 355.4-19)

The ACI Technical Activities Committee (TAC) approved the draft standard subject to satisfactory committee response to TAC comments in March 2019. The committee responded adequately to TAC's comments and all balloting rules were adhered to. Public discussion was announced on May 24, 2019, and closed on July 8, 2019. The committee responded to the public discussion. TAC reviewed the closure and approved it in November 2019. The Standards Board approved publication of the ACI standard in December 2019.

The public discussion and the committee's response to the discussion are available on ACI's website, www.concrete.org/discussion.

How to Become ACI-CERTIFIED

If you're a craftsman, technician, or inspector, earning an ACI Certification provides you with the credentials to build the best concrete structures in the world. If you're a specifier or owner, you know many codes require ACI-certified personnel on the jobsite. Visit concrete.org/certification.

TESTING/TRAINING CENTER

Located across the globe, ACI has partnered with these groups to administer written and performance exams throughout the year

PROMETRIC TESTING CENTERS

Set your date and time for convenience when taking written exams

CCRL TOURS

Performance exams can be administered at the same time the CCRL is evaluating your lab
