

On the Move

CarbonCure Technologies Inc. hired **Dave Donaldson** as Senior Vice President of Sales & Marketing and promoted **Brad Vickers** to CarbonCure's inaugural Vice President of Customer Success.

Donaldson is a sales and marketing executive with over 24 years of experience driving growth and connecting the ready mixed concrete industry to software and hardware solutions. Donaldson spent most of his career with Command Alkon in various roles, including sales, customer success, training, and professional services, leading to his promotion to the company's Executive Leadership Team.

In his new role as Vice President of Customer Success, Vickers will maximize the value of CarbonCure's hardware and software products for its concrete industry partners and champion customers across organizational levels. Vickers has been with CarbonCure for more than a decade, developing, operationalizing, and scaling technologies in prior roles that included Field Engineer, Director of Engineering, and Head of Product. His tenure included the assembly and commissioning of CarbonCure's earliest commercial systems across North America and Asia, and the launch of its carbon credit program in 2021.

Brien

RedTeam, a provider of software as a service (SaaS) solutions, promoted **Patrick Brien** to the role of Chief Revenue Officer (CRO). Brien joined the company in 2023 as Head of Sales and Customer Success. His leadership and vision helped drive company growth and customer satisfaction. In his new role, Brien will oversee an expanded portfolio, including marketing. RedTeam's cloud-based solutions are designed to help contractors overcome the day-to-day challenges of commercial construction. Its suite of construction solutions features products ranging from jobsite management software to enterprise-level workflow, collaboration, and construction management solutions.

Bager

Gordian appointed **Lotta Bager** as Chief Operations Officer (COO). Bager will lead Gordian's Procurement Operations organization, ensuring the company delivers Job Order Contracting (JOC) program development and ongoing support to its customers. She has over 20 years of global experience in transformation, operations, and services across the software, insurance, and media

industries. Bager comes to Gordian from Hexagon in the Americas, where she led the professional services team. She has also held senior roles at QBE Insurance Group Ltd.; Aon Risk Solutions; Ricoh, Inc.; and Modern Times Group (MTG) AB. She received her master's degree in business and finance from Stockholm University in Stockholm, Sweden, and completed postgraduate coursework in construction management at Louisiana State University in Baton Rouge, LA, USA.

Honors & Awards

Kozeliski

ACI Honorary Member **Frank A. Kozeliski** was named a New Mexico State University (NMSU) Foundation 2025 Distinguished Alumni Award recipient for the College of Engineering in Las Cruces, NM, USA. The Distinguished Alumni Awards are the highest honors presented to NMSU graduates. Since 1956, more than 400 NMSU graduates have received this recognition for professional achievement, service, and impact. Kozeliski is a civil engineer and internationally recognized authority on concrete. He has delivered more than 150 professional presentations across 30 states and nine countries. As co-owner of Gallup Sand and Gravel Co., he promoted innovation and sustainability in concrete throughout the Southwestern United States. He continues to mentor aspiring engineers and serves as a materials science advisor.
